

Aluminium

sanding in the workshop

The efficient solution with the mobile safety set.

Once-off set-up of a special mobile aluminium sanding work station for

- + Reliable results thanks to a clearly defined work set (prevents contact corrosion in paint repairs)
- + Mobility in paint repairs and greater flexibility
- + Health-friendly work thanks to efficient dust extraction
- + Durable use with compressed air machines and mobile dust extractors with EC technology
- + Clear order, minimum effort and structured work
- + Safe work in explosive zone 22 thanks to mobile dust extractor with ATEX approval¹⁾

Saves time

Cost savings

Increases efficiency

¹⁾ Dust extraction of dust in explosion classes St1, St2 and St3 in zone 22. Satisfies EU Directives 94/9/EC (ATEX 95) and 1999/92/EC (ATEX 137). CTM 48/B22 mobile dust extractor with filter system with 99.9% degree of filtration.

Aluminium

sanding in the workshop - safety with a system.

High result reliability

- + Avoidance of contact corrosion thanks to consistent use of the safety set for sanding aluminium parts
- + Clear and structured work station organisation for more efficient work processes and optimum results

Protection against risk of explosion

- + Protection against flammable and explosive aluminium dust thanks to the special application dust extractor which satisfies EU ATEX Directive
- + The system comes to the vehicle - great flexibility and mobility for safe work at each work station, timely switching a thing of the past

Long service life thanks to EC-TEC

- + The EC-TEC drive concept works without carbon brushes and with special performance electronics, which control, monitor and protect the motor of the mobile dust extractor. Up to 8,000 operating hours
- + Smooth work processes without maintenance downtimes, repairs and time and effort spent organising

The safety set

Contents		Qty. Pack
CTM 48 E LE EC/B22 mobile dust extractor		1
LEX 2 150/3 compressed air eccentric sander		1
LEX 2 150/7 compressed air eccentric sander		1
WCR 1000 Work Center		1
Abrasives Granat, Ø 150 mm	P80	2
	P180	2
	P280	2
	P400	2
Diamant soft abrasive, Ø 150 mm	P500	1
SYSTEMER Sanding in 4 steps, Ø 150 mm		1
SELF-CLEAN filter bag SC FIS CT 48/5x		1
Dry guide coat powder set		1
RT premium cleaning cloth, 240 x 380 mm		1
IAS 2 connector		1
IAS 2-hose IAS 2, 3.5 m, anti-static		1

Set number 712544
