

H-Class Repair Booking Form

H-Class Repair Booking Instructions

Important Notice

- **Motor Section Only:** When returning a H-Class Dust Extractor, **only the motor section** should be returned.
- **Extra Charges:** If dust extractor tubs or used dust bags are returned, an **additional charge of \$150.00** will apply.

Step 1: Pre-Repair Checklist

- **Contact Euro Tooltechnic or View FAQs:** Before proceeding, ensure you've either contacted Euro Tooltechnic or reviewed the FAQs on our website: <https://www.festool.com.au/faq/repairs-i-service/> to resolve any issues.
- **Mandatory Information for Repairs:** For all H-Class repairs (whether under warranty or not), the Problem, Machine Information and Customer information must be provided within the form on next page. Failure to do so will result in the repair not being accepted and the extractor being returned at your expense.

Step 2: H-Class Return Procedure

- **Transport to Euro Tooltechnic:**
 - The user/owner **must arrange transport** of the H-Class motor section to the following address:
Euro Tooltechnic, 21-27 Evolution Drive, Dandenong South, 3175 Victoria.
- **Decontamination:**
 - The user/owner is **required to decontaminate/wash/wipe** all equipment before sending it back.

- **Complete the Repair Booking Form:**
 - Fill out all the requested details on the **H-Class Repair Booking Form**.
 - **Email the completed form** to sales@tooltechnic.com.au **before** shipping the extractor.
 - **Include a printed copy of the form** outside the package with the motor section.
- **Filter Uninstallation:**
 - Uninstall the **H-Class filter**, pack it securely in a **properly sealed bag**, and include it with the motor section when sending for repair.
- **Packaging Requirements:**
 - The motor section and filter must be packed tightly in **two "Asbestos Class" thick plastic bags**.
 - **Use substantial padding** inside a carton to prevent any damage during transport.
- **What Not to Send:**
 - **Do not send the hose, dust bag, or dust tub** unless specifically requested by Euro Tooltechnic.
 - Additional charges will apply for sending these parts without request.

Note: If your repair is for just the hose or tub, contact **Customer Service** for further instructions.

- **Problem Details:**

- **Machine Information**

| | |
|--|--|
| T-Nr Number | |
| Serial Number (S-Nr) | |
| Purchase date | |
| Materials known to have been extracted (eg. plaster, silica, asbestos) | |
